ArmorGalv® References

Document #F01

ArmorGalv®

References

	U.S. Department of War Approved by all branches. U.S. Navy has issued a blanked authorization to replace any sacrificial coating with ArmorGal®. U.S. Army IAW 126000441 Rev. B Method 12.
	Israeli Defense Force ArmorGalv® has been approved by all branches and is specified in numerous applications.
	Florida Department of Transportation Bridge steel hardware: Railing systems, concrete anchors, fasteners including A 490 bolts.
	Virginia Department of Transportation Approved for numerous applications.
	Bay Area Rapid Transit – San Francisco Approved: Transit spec 15 TC 181
	New York City Transit Department Approved for numerous applications.

LA DWP Los Angeles Department of Water & Power	**Los Angeles Department Water & Power** Approved for numerous applications.
PG&E	**Pacific Gas & Electric** ArmorGalv® specified to replace hot dip galvanized pole line hardware in 2020.
SDGE™	**San Diego Gas & Electric** Approved for numerous applications.
entergy	**Entergy** Entergy specification DB-03-01A Rev 05 replaced stainless steel parts with ArmorGalv® coated steel.
Hawaiian Electric	**Hawaiian Electric** All pole line hardware.
PSEG	**Public Service Electric & Gas** Approved for numerous applications.

	General Motors GM specification GME 00252
	Volkswagen VW specification TL 184
	Audi Audi specification TL 184
	Mercedes Benz Mercedes Benz specification DBL 8457 for heavy truck rivets.
	Apple ArmorGalv® approved for solar panels and hardware for automatic shade adjustment.
	General Electric GE specification F74A3

CATERPILLAR	**Caterpillar** Tractor parts and fasteners.
Carrier	**Carrier** Approved for fasteners on outdoor units in coastal areas.
HUBBELL	**Hubbell** ArmorGalv® licensed coater for pole line hardware for electrical distribution.
KORTICK Sicame Group	**Kortick** ArmorGalv® licensed coater for pole line hardware for electrical distribution.
EST. 1856 McDonald	**A.Y. McDonald** ArmorGalv® is approved for replacement of hot dip galvanizing on casting used for natural gas distribution.
EVINRUDE®	**Evinrude** ArmorGalv® coated bolts replaced stainless steel bolts.

Schlumberger	**Schlumberger** Approved for oilfield hardware.
NOV	**NOV** NOV specification AX040098.
voestalpine	**Voestalpine** Approved for high corrosion applications.
SPIROL®	**Spirol** ArmorGalv® licensed coater for proprietary compression springs.
Scandic	**Scandic** Approved for springs in high corrosive environments.
SIMPSON Strong-Tie	**Simpson Strong-Tie** Specified for TCA anti-seismic anchors.

DSMS™	**Dynamic Seawall Maintenance System** Approved for sea wall anchors.
Victaulic®	**Victaulic** Approved for high corrosion applications for pipe joining/fire protection.
JENNMAR	**Jennmar** Approved for hard rock mining roof support systems.
Crosby®	**Crosby** Approved for various fittings groups.
RAFAEL ADVANCED DEFENSE SYSTEMS LTD.	**Rafael** Approved for use on Iron Dome anti-missile defense system.
PLASAN	**Plasan** Approved for use in the manufacture of military and industrial armored vehicles and troop carriers.

SUHM SPRING WORKS INC. · SPRING SPECIALIST · SINCE 1885	**Suhm Spring Works** Approved for use on springs going into corrosive environments.
Heliogen	**Heliogen** Approved for use on solar panel hardware.
WOLVERINE CORPORATION	**Wolverine Corporation** Approved for applications in U.S. automotive and military.
ARaymond MORE THAN FASTENING	**A. Raymond Tinnerman** Approved for solar panel clips hardware.
Decker 1878	**Decker Manufacturing Company** Approved for use on culvert bolts and nuts.
UL®	**Underwriters Laboratories** Approved for solar panel applications.
